COMMUNITY FOOD RESOURCE GUIDE

2023

CASEY.VIC.GOV.AU

This resource provides information on existing community food programs, services and initiatives within the City of Casey that will assist Casey residents and service providers to locate inexpensive and accessible food assistance.

This resource is guided by the principles and goals of the City of Casey's Health and Wellbeing Strategy 2021-25 and supports Casey Council's commitment to all residents having access to nourishing, affordable, and culturally respectful food choices to enhance their health and wellbeing.

An interactive resource directory map has been created to support service providers and community residents to access information online about community food programs, services, and resources by location in an engaging and easily accessible format. To access the directory, scan the QR code.

For additional information and support please contact Cranbourne Information & Support or Casey North Information & Support Services.
